3rd Annual CeCe Cares Pediatric Epilepsy Foundation Bear Bash

Event to Raise Awareness for Pediatric Epilepsy and Funds to Support Center for Courageous Kids and The Dravet Syndrome Foundation

CHICAGO, Sept 25, 2014 – The 3rd Annual Bear Bash, a signature event for CeCe Cares, a 501 (c)(3) foundation dedicated to improving the quality of life for children suffering from chronic forms of epilepsy and their families is more than an annual fundraising event for Chicagoans Pete and Sarah Cunningham; it is a celebration of their daughter Cecelia’s short but joyous life.

The couple founded CeCe Cares Pediatric Epilepsy Foundation after they lost Cecelia to the disease at age three in 2010. CeCe’s twin sister Reese, designed the charity’s symbol, the CeCe Bear ®, and part of the charity’s goal is to donate 1000 of these bears to comfort children being treated at 16 of the leading children’s hospitals across America, as well as provide financial grants to The Dravet Syndrome Foundation and Center for Courageous Kids.

The event begins at 7:30 p.m., Saturday, Sept. 27 at The Montgomery Club (500 W. Superior Street, Chicago). The Bear Bash promises to deliver a ‘beary’ good time with Gibson’s award-winning fare and the lively musical sounds of the Libido Funk Circus. The cost of tickets is \$150 and are available on the CeCe Cares website <https://cececares.ejoinme.org/?tabid=545478>

Providing valuable support for this year’s event are sponsors KKMb2b, CCO Healthcare Partners, The Feitler Family, TPN, National Medical Billing Services, 724 Factory, Idilus, Cutter Studios, AbcomRents, IMS, Advanced Events, Octane Media as well as its exclusive media sponsor *Sheridan Road Magazine* (Published by JWC Media). CeCe Cares thanks these important organizations for the contributions and commitment.

Chicago-based, CeCe Cares Pediatric Epilepsy Foundation is dedicated to improving the quality of life for children suffering from chronic forms of epilepsy and the families who love them. For more information visit www.cececares.org.
